ANNOUNCES AN EXCITING AND DYNAMIC SCHEDULE FOR SPRING 2024!
MARCH - APRIL - MAY

MARCH 16, 17, 29, 30 - hours tbd by sign-up, 1:00 - 6:00 pm
kyle b. co. *Critical Race Therapy: (Treatment 1/The Rhythm Treatment)*

Grace Exhibition Space will have a soft opening with kyle b. Co hosting a series of interviews by artist kyle b. co. entitled *Critical Race Therapy: (Treatment 1/The Rhythm Treatment)*. *Critical Race Therapy* was developed by kyle b. co. to provide a space for people to have conversations around race that are not punitive or prompted by a traumatic event (i.e. following the death of a black body, after the misstep of an institution, etc.). The process invites folks to vocalize their understanding of race and in so doing, respond or acknowledge where they are at in their practical understanding and comfort with race.

MARCH 22 - MAY 17 / Every *other* Friday
DOORS 7:00 PM / PERFORMANCES 8:00 PM

Every other Friday, Grace Exhibition Space will host a series of new works presented by NYC artists selected from the Open Call that Grace Exhibition Space posted last summer; NYC artists we have wanted to present, as well as international artists who have presented at GES in the past and are being welcomed to return.
